A Secret
 For the first time in cream separator history, the centrifugal force is made to do double service. In addition to separating the milk, it has been made to suck the milk from the supply can into the bowl.

In this way the feed and the separating force work together. At all speeds, just enough milk is sucked into the bowl to assure perfectly clean skimming. That's the secret of

THE NEW SHARPLES SUCTION-FEED
 Separator. Old-style separators all have a fixed feed, so that if the speed is lowered, too much milk runs through the bowl. The result is that some of it runs out into the skim milk without being separated and some runs out into the cream, making it thin and uneven.

Any member of the family may turn the New Sharples to suit his own convenience. It always skims clean and delivers even cream.

The women folks prefer the Sharples because of its simple tubular bowl—only three pieces to wash and care for.

Stop in at the store the next time you are in town and let us show you this new machine in actual use. Bring the women folks, too.

FARMERS MEETING

Held at the Court House Yesterday Afternoon Was a Very Interesting and Instructive One.

The meeting of the farmers of Mason county, held in the Court House on yesterday afternoon was a very successful one, a large number of men being present. The meeting was composed of farmers from all sections of the county which was very gratifying to those present, as it was a very representative meeting of the farmers.

Hon. Stanley Reed, presided over meeting. Mr. Reed first introduced Dr. Fred Muchler, head of the State Extension Service at Lexington, Ky.

Dr. Muchler's address was divided into eight different topics, which were as follows:

1. City people should make backyard and vacant lots grow as many vegetables as possible.
2. Farmers should not plow into truck crops but should produce staples.
3. Every farmer should have a good home garden.
4. Special attention should be given the farm poultry yard.
5. Winter wheat crop is about one bushel short for each person in the United States. Every field that can be harvested should be allowed to stand for the reaper. No wheat should be turned under.
6. Farmers should save seed for crops for next season no matter how high prices are.
7. Live stock should be given strong attention during the year.
8. A normal or a large crop of tobacco will pay the farmer well but all kinds of food, livestock and feed will pay equally as well.

Mr. Muchler especially emphasized the last point. He said that it was patriotic duty of every farmer to grow a normal crop of necessities rather than a large crop of luxuries. He closed by stating that not only were

victories won by those in the front but by those in the furrow.

The Hon. Matt S. Cohen, commissioner of agriculture of Kentucky, was the next speaker of the afternoon. Mr. Cohen began his speech by referring to the seriousness of the food situation of the country. He said that the United States was facing the greatest food famine ever known in this country. Before proceeding further however, he paid a great compliment to the Maysville Chamber of Commerce, stating that Maysville had a very live organization. Along this line he said that organization was the parent of co-operation and that crazy people were the only ones that never organized.

He gave as the cause for high prices as the failure to produce an adequate amount of food products for our consumption resulting in the producer and consumer being competitive buyers for the necessities of life during the past five months. He then gave some interesting comparisons of food production in 1860 and 1916, saying that while consumption was going up, production was going down. He said that it was the duty of the American people to supply food to those with whom we have cast our lot. In a humorous strain he said that the prices of lambs would be so high that the children would be prohibited from reciting "Mary Had a Little Lamb" and that it was almost a compliment for a person to throw a rotten egg at some one during the high prices of that commodity. He echoed the statement of Dr. Muchler in saying that it was as patriotic to fill the furrow as the trench. He stated that he did not ask to decrease the production of tobacco but he wanted to see a more intensive production of the crop. One of the interesting statements made by him was to eat less, drink less, buy less and work more. In conclusion he said that he would urge everyone to see the great crisis and that all put their energy into execution for the production of bigger and better crops.

Mr. Doan has agreed to teach the Men's Class in this church, Sunday as well as to fill the pulpit at the preaching hours.

In the absence of A. F. Stahl Mr. Hal Curran will give one of his inspirational talks at the mid-week prayer meeting at Christian Church Wednesday night at 7:30.

BIG DAY IN CHRISTIAN CHURCH

The Christian Church will enjoy one of the biggest days in the recent experiences of the church. As announced, R. A. Doan of Cincinnati, one of the most pleasing speakers to be found among the laymen anywhere in the country will be present. He will not come with a narrow message nor with a worldly spirit. He is a consecrated business man who has learned the joy which comes from giving ones self completely to the doing of religious work. All the business men of Maysville who brought his business in an Ohio town up to where it was one of the best paying in the state. In it all, he never forgot the Lord. He always stood true. The one thousand members of his men's class had implicit faith in him. He was and is a leader of men.

Mrs. Morris Kirk was a visitor in Cincinnati yesterday.

The rear axle of an automobile belonging to Mr. A. M. Gardner, of the U. S. Engineer Corps at the Lock and Dam No. 33, broke this morning while he was driving across Wood street in the East End.

Mrs. George Cushing and daughter left yesterday for their home in St. Johns, New Brunswick, Canada, after a visit with Mr. and Mrs. George Longnecker of the county.

"TWO KINDS OF REFUGES"
 Last night at the Third Street M. E. Church Rev. S. K. Hunt preached a very strong sermon on "Two Kinds of Refuges," taking as his text Isaiah 28:16, 17—"Therefore, thus saith the Lord God, Behold I lay in Zion for a foundation a stone, a tried stone, a precious corner stone, a sure foundation: he that believeth shall not make haste."

"Judgment also will I lay to the line, and righteousness to the plummet: and the hall shall sweep away the refuge of lies, and the waters shall overflow the hiding place."

These sermons as preached by Rev. Hunt are causing many to see their need of Jesus Christ as a personal Saviour and are causing many to see that although they are church members they are not leading a Christian life.

Services again this evening at 7:30 o'clock. Good singing by a chorus choir. All are cordially invited.

Mr. E. W. Kelley, who was severely injured several days ago when run over by a hand car on the C. & O. railroad, is improving from the effects of his injuries very nicely.

MRS. JOHN L. CALDWELL

Prominent Citizen of Maysville Dies at Her Home on East Second Street Last Night Following Illness of Several Years.

Mrs. John L. Caldwell, died at her home on East Second street last night at 11:15 o'clock following an illness of several months with cancer. Mrs. Caldwell has been an invalid for about three years.

Mrs. Caldwell was born in Bourbon county, Ky., near Paris, November 30, 1858. She was Miss Mary Eliza Hall, and came from one of the most prominent families of that county. In 1895 she married John L. Caldwell and came to Maysville, where she has resided since. Her husband preceded her to the grave some six years ago.

Mrs. Caldwell is survived by two sisters, Mrs. Lilla Hall Smith and Miss Eva Hall of East Second street and a nephew, Robert Smith of Iowa, and one niece, Mrs. Robert Peddicord of Denver, Colo.

Mrs. Caldwell was a member of the Central Presbyterian Church of this city; attending whenever possible. She was a good Christian woman and leaves a large number of friends to mourn her death.

The funeral will be held from the late home on East Second street Thursday afternoon at 2:30 o'clock. Burial in the Maysville cemetery.

DUTY TO BE STRONG

"It is not at all certain that a hostile armada will ever cross the ocean for the purpose of plundering our cities or that a new race of conquistadores will descend upon our shores to reduce us to colonial dependence, but this does not in any way affect our duty to be internationally strong," says David Jayne Hill, former ambassador to Germany.

"Apart from all dangers of foreign attack, it is our duty to be a positive and effective influence in the world. We cannot decently as a great power throw the whole burden of defending neutral rights of humanity upon the little nations, and in an age when influence is measured by force we must be strong or we shall prove delinquent.

"I do not mean by this that we should enter the race for world domination. Far from it. But we should be able to say to the rest of mankind:

"We in America have stood for the dominion of law, for a world tribunal, for the sanctity of treaties, for the rights of neutrals and for the inviolability of innocent persons. We have discouraged armament and sought to accomplish its limitation both by precept and example.

"Now we say to you, if you are going on with it; if you are intending to overpower helpless people and to dominate the world by brute force, you cannot dominate over us!"

The above statements were uttered by Mr. Hill on April 1, 1916, and they show his keen vision as interpreted by present events.—Ashland Independent.

COST OF BAD ROADS TO FARMERS

American farmers have begun to figure the matter of roads a little differently than in former years. When the good roads movement was in its infancy, they used to ask themselves, "How much will good roads cost me?" Thanks to the intelligent propaganda of daily and country papers, as well as other agencies, farmers are now asking themselves, "How much are bad roads costing me?"

According to government experts, the cost of hauling a ton of farm produce a mile varies from seventeen cents, in localities where fairly hard gravel roads exist, to thirty-five cents per ton in parts of the country where the roads are in bad condition. On the other hand, in those European countries where hard roads prevail, the cost is as low as nine cents per ton per mile. The department of agriculture has estimated that the total hauling expense to American farmers for a year is approximately \$500,000,000. And every dollar comes from the farmer's pocket, for he is the one great producer who cannot add the hauling expense to his wares, for the prices he gets on a delivery basis.

If every farmer would take pencil and paper, figure the amount in tons of the produce and stock he markets a year; multiply it by the number of miles he must haul to market; multiply the total by twenty-five, which is about the average hauling cost per ton per mile, and then consider that he could save nearly half of this amount every year if he had an improved road all the way to his market, he would become an earnest good roads worker.

HOW TO REGAIN STRENGTH

The great factor that retards recovery after sickness is that weakened devitalized condition, and it will interest our readers to know that our local druggist John C. Pecor Drug Co., have a reliable non-secret strength creator called Vinol, which contains iron and manganese peptonates for the blood, beef and cod liver peptonates and glycerophosphates, all combined in a delicious native wine. For weak, run-down conditions and to regain strength after sickness, there is nothing better.

20 PER CENT WAGE INCREASE TO BITUMINOUS MINERS

New York, April 16.—At a joint conference late today between the representatives of the operators and miners it was announced that a tentative agreement had been reached by the committee for the operators from Ohio, Indiana and Western Pennsylvania, whereby wage increases of 20 per cent would be granted to the bituminous coal miners in those states. Representatives of the Illinois operators have not as yet sanctioned the tentative agreement, and a further conference will be held tomorrow.

By the terms of the tentative agreement announced, it was said the wages of the miners would be increased from 60 to 75 cents a day.

MRS. BURNHAM JAMAICA, N. Y.

Sufferings Cured by Medicine Recommended by Sister-in-law.

Jamaica, N. Y.—"I suffered greatly with my head and with backache, was weak, dizzy, nervous, with hot flashes and felt very miserable, as I was irregular for two years. One day when I was feeling unusually bad my sister-in-law came in and said, 'I wish you would try Lydia E. Pinkham's Compound.' So I began taking it and I am now in good health and am cured. I took the Compound three times a day after meals, and on retiring at night. I always keep a bottle in the house."—Mrs. L. N. BURNHAM, 295 South St., Jamaica, N. Y.

Women who recover their health naturally tell others what helped them. Some write and allow their names and photographs to be published with testimonials. Many more tell their friends.

GERMAN CASUALTIES 54,803 IN MARCH; 4,180,966 FOR WAR

London, April 16—German casualties, as reported in the German official casualty list during the month of March, show that 54,803 men were killed, died of wounds or sickness or were made prisoners, or are missing, according to a statement made public here tonight.

The statement says that the foregoing casualties added to those reported previously brings the total given in the German official list since the beginning of the war, total 4,180,966.

WAR LOAN ADVERTISED AS ANSWER TO WILSON

Berne, Switzerland, (via Paris), April 16—The German government today concluded its advertising campaign for subscriptions to the sixth German war loan, which closed at 1 o'clock this afternoon. The advertisement appeared under flaring headlines in all the principal German papers, the caption reading, "The Answer to Wilson."

"The United States," says the advertisement, "have finally stepped openly to the side of England, whose cause they have been supporting since the beginning of the war. As an excuse they give unrestricted submarine warfare."

"In pursuit of this plan, President Wilson does not even hesitate to adopt the old vain efforts to create division between the German government and peoples. How little Wilson knows about the German people and German ways."

"Never since the empire existed has a governmental decision been so eagerly desired as the feeling of the U-bout from all fetters in the war against England, the accused propagandist and criminal beginner of this frightful war."

"The German war loan gives an opportunity to show Wilson what the German people really think. Let every one subscribe and thus will the right answer be given to Wilson."

A WORD WITH WOMEN

Valuable Advice for Maysville Readers.

Many a woman endures with noble patience the daily misery of backache, pains about the hips, blue, nervous spells, dizziness and kidney disorders, hopeless of relief because she doesn't know what is the matter.

It is not true that every pain in the back or hips is trouble "peculiar to the sex." Often when the kidneys get congested and inflamed, such aches and pains follow.

Then help the weakened kidneys. Don't expect them to get well alone.

Doan's Kidney Pills have won the praise of thousands of women. They are endorsed—Read this Maysville woman's convincing statement.

Miss Dora Edgington, Wood St., Maysville, says: "I have used Doan's Kidney Pills and from the results received, I have every reason to recommend them. At times, my kidneys have become weak and have been irregular in action. My back has ached, too, and has been very weak and lame across my kidneys. When ever I have used Doan's Kidney Pills for this trouble they have never failed to relieve the complaint in a short time. I gladly advise anyone to get a box of Doan's Kidney Pills at Chanter's Drug Store, if troubled in that way."

Miss Edgington is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Miss Edgington had—the remedy backed by home testimony. 50c all stores. NEW EFFORT TO GET STATE BANKS IN RESERVE SYSTEM

Washington, April 16—A renewal of efforts, on a nation-wide scale, to bring state banks into the Federal reserve system is to be made shortly as part of a comprehensive program looking to the further mobilization of the country's financial resources.

Legislation looking to this end was favorably reported today to the Senate by Chairman Owen, of the Banking and Currency Committee. The committee not only favors the enactment of amendments to the reserve act which failed at the last session of Congress, but opposes new ones, which, it believes, if enacted, would result in removing one of the chief objections of state banks to coming into the system, the restrictions against interlocking directorates.

INCREASE FOOD ANIMALS STOCK EXCHANGE URGES

Louisville, Ky., April 16—An active propaganda for the retention in the hands of farmers of all brood animals will be undertaken immediately by the Louisville Livestock Exchange in accordance with a decision reached at a special meeting held late today.

A committee of five members will have charge of the campaign the exchange proposes to make in this and adjoining states.

RESOLUTION TO CATCH SHIRKERS BY MARRIAGE

Washington, April 16—Representative Britton, of Illinois, introduced today a resolution proposing that exemptions of married men from military duty under any future compulsory service legislation, shall not apply to those married after April 1, this year, except under a special order by the Secretary of War.

HETTY GREEN TRANSFER TAX IS LOST BY NEW YORK

New York, April 16—Hetty Green was declared to have been a non-resident of this state at the time of her death, by Surrogate Fowler here today. By this decision New York State loses a transfer tax of more than a million dollars.
